First Semester

Discipline Specific Core Course (DSC) – MG1DSCTTM100 -INTRODUCTION TO TOURISM

Duration: 1.30 Hours **Max.Marks:50**

Part A
Short Answer Questions, Answer any 5 out of 8 Questions Each question carries 2 marks

1. **Define tourism** **K [CO1]**
   Tourism comprises the activities of persons traveling to and staying in places outside their usual environment for not more than one consecutive year for leisure, business, or other purposes.
2. **Explain Gray's travel motivation theory.** **U [CO2]**
   Gray explains the motivation of individual and given two motives for travel.
   Wanderlust: It describes the motive or the desire to go from a known to an unknown place.
   Sunlust: It is a type of travel to a destination that can provide the tourist with specific facilities or better amenities.
3. **Contrast between inbound and outbound tourism statistics.** **U [CO3]**
   Inbound Tourism Statistics: Measure tourism arrivals into a country.
   Outbound Tourism Statistics: Measure tourism departures from a country.
4. **List any two major recommendations of the Sargent Committee on Tourism K [CO4]**
   - Establishment of a Central Tourism Organization
   - Improvement of Tourist Facilities and Infrastructure
   - Creation of Regional / Provincial Tourist Offices
   - Training and Professionalization of Tourism Personnel
   - Promotion and Publicity of India Abroad
   - Preservation and Maintenance of Tourist Attractions
5. **Identify two positive economic impacts of tourism.** **U [CO3]**
   Employment Generation, Foreign Exchange Earnings, Contribution to GDP, Development of Infrastructure, Growth of Local Businesses and Entrepreneurship, Regional Development etc.
6. **Summerise the evolution of public transportation system in urban area. U [CO1]**
   The public transportation system in urban areas evolved from traditional modes like horse-drawn carriages and trams to mechanized transport such as buses, electric trams, and metro rail during the 20th century. With increasing urbanization, cities later adopted mass rapid transit systems (MRTS), suburban rail, BRT corridors, and app-based mobility services, making urban transport faster, more efficient, and better

integrated.

7. **Identity the pull factors at TDR. K [CO3]**
   Natural attractions**,** cultural attractions, recreational facilities**,** good accessibility**,** quality accommodation, and a positive destination image **etc…**
8. **List two internal factors affecting motivation. K [CO2]**
   Needs and desires, Interests, Attitudes and values, Personality, Past experiences etc…

Part B

Short Essay Questions, Answer any 5 out of 7 Questions, Each question carries 5 marks

9. **Examine the role of maps and navigation techniques used in the medieval period. U [CO1]**
   During the medieval period, maps and navigation methods played a crucial role in shaping trade, exploration, pilgrimage, military campaigns, maritime power and cultural exchange. Although technology was limited compared to modern standards, medieval navigators developed practical methods that enabled long-distance travel across seas and deserts.
10. **Describe how social interaction can be a push factor in encouraging group travel. U [CO2]**
    Social interaction acts as a push factor by motivating people to travel in groups to meet new people, strengthen relationships, and share experiences. The desire for companionship, bonding, and a sense of belonging encourages individuals to join group travel for enjoyment, safety, and collective fun.
11. **Describe how interpersonal motivations can shape group travel experiences and the types of activities chosen. U [CO2]**
    Interpersonal motivations such as bonding, companionship, and the desire to strengthen relationships shape group travel by influencing the choice of shared activities like sightseeing, group games, dining together, and adventure activities. These motivations encourage activities that promote interaction, cooperation, and shared enjoyment, creating a more connected group experience.
12. **Explain briefly the major tourism schemes currently promoted by the Government of India? U [CO4]**
    - **Swadesh Darshan Scheme (Swadesh Darshan 2.0**): focuses on developing sustainable and responsible tourist destinations.
    - **PRASHAD Scheme**: supports the integrated development of pilgrimage and spiritual destinations.
    - **Dekho Apna Desh Initiative**: explore domestic destinations to boost domestic tourism. Etc…
13. **Determine how Sargent Committee's recommendations are applied to modernize tourism infrastructure in India. A [CO4]**
    The Sargent Committee's recommendations helped modernize India's tourism infrastructure by promoting better transport networks, communication systems and planned urban development. These ideas are applied today through improved roads, railways, airports, digital facilities, cleanliness measures and skilled manpower, all of

which enhance accessibility and visitor experience in major tourist destinations.

14. **Explain how seasonality might affect a destination's life cycle in TALC. U [CO3]**
    Seasonality affects a destination's life cycle in the Tourism Area Life Cycle (TALC) by influencing tourist flow and the pace of development. During peak seasons, high demand can push the destination quickly from the exploration stage to development, while off-seasons may lead to reduced revenue, underutilized facilities and slower growth. Over time, strong seasonality can cause fluctuations in visitor numbers, contributing to stagnation or decline if the destination fails to diversify attractions or manage demand throughout the year.
15. **Explain the common sources of error measurements in tourism statistics and how do they affect the reliability of the data. U [CO3]**
    Ccommon sources of error in tourism statistics include sampling errors, inaccurate reporting by tourists or businesses, incomplete data collection, and mistakes during data entry or processing. These errors affect reliability by producing incorrect visitor counts, misleading economic estimates, and poor understanding of travel patterns, which can lead to faulty planning and weak policy decisions in the tourism sector.

Part C
Long Essay Questions, Answer any 1 Question, Each Question carries 15 marks

16. **Explain the role of infrastructure, how do they impact tourism. U [CO1]**
    Infrastructure plays a crucial role in tourism by providing essential facilities such as transport, accommodation, water supply, communication and public services. Good infrastructure improves accessibility, safety and comfort for tourists, leading to higher satisfaction and increased visits. Poor infrastructure, on the other hand, reduces convenience, discourages travel and limits the growth of a destination.
17. **Discuss in detail basic principles of ecotourism. U [CO3]**
    Conservation of Natural Resources, Minimizing Environmental Impact, Community Participation and Benefit Sharing, Environmental Education and Awareness, Respect for Local Culture and Traditions, Sustainable Development Practices, Providing Quality Nature-Based Experiences.

18. **Explain the economic impact of tourist flow to a destination with example. U [CO1]**
    The economic impact of tourist flow to a destination includes increased income, employment generation, and growth of local businesses. When more tourists visit, they spend money on hotels, restaurants, transport, shopping and activities, which boosts the local economy. For example, in destinations like Munnar, higher tourist arrivals increase demand for home stays, taxis, and local products such as tea and handicrafts, providing income and jobs to local communities.
