**MAHATMA GANDHI UNIVERSITY, KOTTAYAM MGU-UGP(HONOURS) REGULAR EXAMAINATION March 2026**
**Fourth Semester**
**Discipline Specific Elective (DSE) - MG4DSEPES200 - Introduction to sports and games (Softball, Shuttle badminton, Handball, Tennis , Hockey)**
**(2024 Admission Onwards)**

**Duration : 1 hour 30 minutes** **Maximum Mark : 50**

**Part A**
**MCQ**
**Answer all questions**
**Each question carries 1 mark**

**1. The former name of BWF was:** **[U]/[CO1]**
a) IBAF b) IFB
c) WBF d) IBF
**Answer**: d) IBF

**2. What is an ace in tennis?** **[U]/[CO1]**
a) A let serve b) A fault serve
c) A double fault d) A winning serve untouched by opponent
**Answer**: d) A winning serve untouched by opponent

**3. Which quality is needed for catching a fast-flying softball?** **[U]/[CO1]**
a) Strength b) Balance
c) Stamina d) Reaction time
**Answer**: d) Reaction time

**4. The Handball Federation of India (HFI) is affiliated with:** **[U]/[CO1]**
a) International Handball Federation (IHF) b) Asian Handball Federation (AHF)
c) Indian Olympic Association (IOA) d) All of the above
**Answer**: d) All of the above

**5. The standard distance between bases in fast pitch softball is:** **[U]/[CO3]**
a) 18.29 m b) 19.81 m
c) 27.43 m d) 30 m
**Answer**: a) 18.29 m

**6. Six-point footwork drill is a**: **[U]/[CO2]**
a) Recreational game
b) Correction drill
c) Warm-up onlyw
d) Cooling down drill
**Answer**: b) Correction drill

**7. In badminton, the umpire sits:** **[U]/[CO3]**
a) Behind the baseline
b) On the floor
c) On the high chair at the side of the net
d) Near the scoreboard
**Answer**: c) On the high chair at the side of the net

**8. The width of hockey field lines should be:** **[U]/[CO3]**

a) 50–75 mm b) 75–100 mm
c) 100–120 mm d) 60–80 mm
**Answer**: b) 75–100 mm

**[E]/[CO4]**

**9. How is tactical decision-making assessed in badminton?**

a) By observing shot selection and positioning under varying situations b) By counting audience claps
c) By the colour of the shuttle d) By match duration only
**Answer**: a) By observing shot selection and positioning under varying situations

**10. Which pitch is illegal in fastpitch softball?** **[U]/[CO3]**

a) Windmill pitch b) Slingshot pitch
c) Underhand jerk pitch d) Overhand pitch
**Answer**: d) Overhand pitch

**[1 x 10 = 10]**

**Part B**
**Short Answer**
**Answer any 5 questions**
**Each question carries 2 mark**

**11. Explain the term court dimensions in handball.** **[U]/[CO1]**

- A standard handball court measures 40 m long and 20 m wide.
- The goal area line is 6 m from the goal,
- the free-throw line is 9 m from the goal.

**12. What is meant by a home run in softball?** **[U]/[CO1]**

A home run is a hit in which the batter safely reaches home plate after touching all the bases, usually by hitting the ball out of the field.

**13. Explain how international competitions help in the development of softball.** **[U]/[CO1]**

International competitions improve player skills, increase exposure, promote cultural exchange, and raise the popularity and standard of softball globally.

**14. Define a drop shot.** **[U]/[CO1]**

A drop shot is a soft shot played just over the net so that the shuttlecock or ball falls quickly near the opponent's side.

**15. How is pitching control assessed statistically in softball?** **[E]/[CO4]**

Pitching control is assessed using statistics such as walks allowed, strike percentage, earned run average (ERA), and strikeouts-to-walk ratio.

**16. What is the Champions Trophy in hockey?** **[U]/[CO1]**

The Champions Trophy was an international hockey tournament featuring the world's top teams competing at a high level.

**17. Explain the purpose of the 6 m goal area line.** **[A]/[CO3]**

The 6 m goal area line in handball marks the goalkeeper's area where only the goalkeeper is allowed to stand.

**18. Explain the concept of "Fault" in tennis.** **[U]/[CO3]**

A fault occurs when a player fails to make a correct serve according to the rules, such as serving outside the service box or into the net.

**19. Differentiate between singles and doubles court markings.** **[A]/[CO3]**

The singles court is narrower and uses the inner side lines, while the doubles court is wider and uses the outer side lines.

**20. Explain different formats in hockey.** **[E]/[CO4]**

Hockey is played in formats such as field hockey, indoor hockey, and five-a-side hockey, each with different rules and team sizes.

**21. Why is recovery necessary after hockey practice?** **[U]/[CO2]**

Recovery helps reduce muscle fatigue, prevent injuries, restore energy, and improve future performance.

**22. Explain evaluation of pre-competition planning in tennis.** **[E]/[CO4]**

Evaluation of pre-competition planning in tennis includes checking physical fitness, strategy preparation, mental readiness, equipment, and practice performance before matches.

**Part C**
**Short Essay**
**Answer any 4 questions**
**Each question carries 5 marks**

**23. What is sportsmanship? Explain its importance.** **[U]/[CO1]**

Sportsmanship means showing fairness, respect, discipline, and good behavior during sports activities.

<u>It includes:</u>

- Respecting rules
- Accepting victory and defeat gracefully
- Respecting opponents, officials, and teammates
- Avoiding cheating and unfair play

<u>Importance of Sportsmanship:</u>

- Builds character and discipline
- Promotes fair play
- Creates healthy competition
- Develops respect and teamwork
- Improves the spirit of the game
- Encourages positive attitude in life

Good sportsmanship is as important as winning.

**24. Explain the four Grand Slam tournaments in detail.** **[U]/[CO1]**

The four Grand Slam tournaments are the most important tennis tournaments in the world.

1.Australian Open

- Held in January
- Played in Melbourne, Melbourne
- Surface: Hard court

2.French Open

- Held in May–June
- Played in Paris, Paris
- Surface: Clay court

3.Wimbledon Championships

- Held in June–July
- Played in London, London
- Surface: Grass court

4.US Open

- Held in August–September
- Played in New York, New York City
- Surface: Hard court

These tournaments offer the highest ranking points, prize money, and prestige in tennis.

**25. Describe dribbling technique and training drills in Handball.** **[S]/[CO2]**

Dribbling in handball means bouncing the ball continuously while moving.

Technique:

- Keep knees slightly bent
- Use fingertips, not palm
- Push the ball downward with control
- Keep head up to observe surroundings
- Use either hand while moving

Types of Dribble

- High Dribble: Used for fast breaks or moving quickly down the court when defenders are not nearby. The ball is bounced roughly at waist level.
- Low Dribble: A defensive, protective dribble used when closely guarded, where the ball is bounced below the knee level to minimize turnover risk.

**26. Explain the rule regarding scoring a goal in Hockey** **[U]/[CO3]**

A goal is scored in hockey when the ball is legally played by an attacking player and completely crosses the goal line between the goalposts and under the crossbar.

Important rules:

- The ball must be hit from inside the striking circle
- No foul should occur before scoring
- If the ball is played from outside the circle, the goal is not valid
- Umpire confirms whether the goal is legal

Each valid goal gives one point to the team.

**27. “Fault rules are the backbone of badminton.” Justify this statement.** **[U]/[CO3]**

Fault rules are important because they maintain discipline, fairness, and proper conduct in badminton.
Examples of faults:

- Shuttle lands outside boundary lines
- Shuttle passes under or through the net
- Player touches the net
- Player hits the shuttle twice
- Wrong service or service from incorrect side
- Server’s feet not in correct position

These rules prevent unfair advantage and ensure smooth gameplay. Without fault rules, the game would become disorganized and unfair.

**28. Discuss the evaluation of facilities and equipment in Handball tournaments.** **[S]/[CO4]**

Proper facilities and equipment are essential for conducting successful handball tournaments.
Evaluation includes:

- Standard court size and markings
- Quality of playing surface
- Goal posts and nets in proper condition
- Good quality handballs
- Lighting and ventilation
- Seating arrangements for players and spectators
- First aid and medical support
- Scoreboard and timing system
- Changing rooms and washrooms
- Safety and security arrangements

Good facilities improve performance, safety, and overall tournament management.
