Answer Scheme

MGU-UGP (Honours) Regular Examination – March 2026

SEC: MG4SECPES200 – Use of ICT in Sports

Maximum Marks: 50

Part A – MCQ (1 Mark each)

Q.No	Answer	Mark
1	c) Injury	1
2	b) Video conferencing	1
3	c) Real Time Collaboration	1
4	a) Click the Close (X) button	1
5	d) Assignment Evaluation	1

Total = 5 Marks

Part B – Short Answer (2 Marks each)

Answer any 5 questions

6. What is the role of software in sports training and performance? (2 Marks)

- Helps analyse player performance and technique
- Assists in planning training programmes and monitoring progress

7. What are the uses of Google Docs? (2 Marks)

- Creating documents online
- Editing documents
- Sharing documents
- Real-time collaboration
- Cloud storage and access

8. Write the steps to open MS PowerPoint. (2 Marks)

- Click Start Menu → All Programs/Applications → Microsoft Office – 1 mark
- Select Microsoft PowerPoint to open the application – 1 mark

9. What are digital assessment tools? (2 Marks)

- Software or online platforms used for evaluating learning outcomes – 1 mark
- Used for quizzes, assignments, tests, and feedback – 1 mark

10. Write two advantages of educational videos. (2 Marks)

- Improves understanding of concepts
- Enhances learner engagement
- Supports visual learning
- Can be accessed repeatedly

11. Write two features of LMS platforms. (2 Marks)

- Course content management
- Assignment submission
- Online assessments
- Discussion forums
- Progress tracking

12. Write two advantages of blended learning. (2 Marks)

- Flexibility in learning
- Combines online and face-to-face instruction
- Improves learner engagement
- Supports self-paced learning

Total = 10 Marks

Part C – Short Essay (5 Marks each)

Answer any 4 questions

13. Describe the tools used in e-learning. (5 Marks)

- Learning Management Systems (Google Classroom, Moodle)
- Video conferencing tools (Google Meet, Zoom)
- Digital content creation tools
- Assessment tools (Google Forms, Quizizz)
- Communication and collaboration tools

14. Effect of learning apps in teaching-learning process. (5 Marks)

- Facilitates anytime-anywhere learning
- Enhances student engagement

- Supports interactive learning
- Enables self-paced learning
- Provides immediate feedback and assessment

15. Explain how LMS helps in online learning. (5 Marks)

- Organizes and delivers course materials
- Enables assignment submission
- Supports communication between teachers and students
- Facilitates online assessment and feedback
- Tracks learner progress

16. Explain the benefits of educational videos in learning. (5 Marks)

- Improves understanding through visual explanation
- Increases learner motivation and interest
- Supports different learning styles
- Allows repeated viewing
- Enhances retention of information

17. Explain how MS Excel can be used to maintain player performance records in sports. (5 Marks)

- Stores player data systematically
- Records scores and statistics
- Tracks performance over time
- Generates charts and graphs for analysis
- Assists coaches in decision-making

18. What is the importance of the internet in education? (5 Marks)

- Access to educational resources
- Facilitates online learning
- Supports communication and collaboration
- Provides access to research information
- Encourages lifelong learning

Total = 20 Marks

Part D – Essay (15 Marks)

Answer any 1 question

19. Explain in detail the concept of LMS platforms. Discuss Google Classroom, Moodle, and their importance in digital learning. (15 Marks)

A **Learning Management System (LMS)** is a software application or web-based platform used to **plan, deliver, manage, track, and assess educational courses and training programs**. It provides a centralized environment where teachers can create and distribute learning materials, while students can access content, submit assignments, participate in discussions, and monitor their progress.

Features of LMS

- Course management
- Assignment handling
- Assessment tools
- Progress tracking

Google Classroom

- Features and educational applications

Moodle

- Features and educational applications

Importance in digital learning

- Accessibility, flexibility, collaboration, and efficient learning management

20. How can ICT help prevent injuries during sports training? (15 Marks)

Introduction

Role of ICT in injury prevention

- Performance analysis software
- Wearable technology and fitness trackers
- Video analysis of technique
- Monitoring training load and recovery
- Early detection of injury risks

21. Discuss how ICT helps in officiating, promotion of sports, talent identification and professional development of coaches and teachers. Explain with suitable examples. (15 Marks)

- VAR, Hawk-Eye, electronic timing systems

ICT in sports promotion

- Social media, websites, live streaming

ICT in talent identification

- Data analytics, performance tracking, scouting software

ICT in professional development

- Online courses, webinars, LMS, digital certifications

Suitable examples and conclusion

Grand Total = 50 Marks
