MGU-UGP (HONOURS) REGULAR/IMPROVEMENT/REAPPEARANCE EXAMINATION APRIL 2026

SECOND SEMESTER

Discipline Specific Core Course (DSC) - MG2DSCBST100 - BUSINESS AND SUSTAINABLE DEVELOPMENT

(2024 ADMISSION ONWARDS)

Duration: 1 Hour **Maximum Marks: 50**

Remember(K), Understand(U), Apply(A), Analyse(An), Evaluate(E), Create(C), Skill(S), Interest(I) and Appreciation(Ap)

Students should attempt at least one question from each course outcome to enhance their overall outcome attainability.

Part A

MCQ Questions

Answer any **20** questions

Each question carries **1** marks

1. The global event behind Agenda 21 was the …..... [U] / [CO1]

   a). UN Climate Change Conference b). Brundtland Commission 1987
   2015

   c). Stockholm Conference 1972 d). Earth Summit 1992

2. Which of the following is NOT part of the micro environment? [U] / [CO1]

   a). Suppliers b). Economic policies

   c). Competitors d). Customers

3. The Cartagena Protocol primarily deals with…..... [U] / [CO1]

   a). Protection against harmful effects of genetically modified b). Climate finance

organisms (GMOs)

c). Marine pollution d). Forest management

4. Which factor should companies consider when designing affordable products for BoP consumers? [U] / [CO4]

a). Luxury branding b). Cost-effective materials

c). High-end advertising d). Premium pricing

5. Social entrepreneurship primarily focuses on…..... [U] / [CO4]

a). Wealth accumulation for owners b). Solving social problems through innovative business models

c). Maximizing shareholder value d). Avoiding customer satisfaction

6. Which challenge is not typically associated with transitioning to a green economy? [U] / [CO2]

a). High initial costs b). Lack of consumer interest

c). Technological barriers d). Supply chain issues

7. What is the primary purpose of the SDG India Index? [U] / [CO2]

a). To rank countries on SDG progress b). To measure India's state-wise performance on SDGs

c). To compare India with global economies d). To assess economic development only

8. How does SDG 10 address migration and mobility? [U] / [CO2]

a). Promotes orderly, safe, and responsible migration and mobility of people b). Prohibits migration

c). Encourages labor exploitation d). Reduces support for migrants and refugees

9. What type of certification is often used in Green Marketing? [U] / [CO2]

a). ISO b). Eco-label

c). FDA d). USDA

10. How can Biomimicry contribute to sustainable development? [U] / [CO2]

a). By reducing energy consumption b). By using renewable resources

c). By minimizing waste and pollution d). All of the other options

11. An efficient marketing strategy will never…..... [U] / [CO2]

a). Explores Value b). Distructs value

c). Delivers Value d). Creates Value

12. A strategy where businesses allow customers to pay a higher price for products or services that have a lower environmental impact is known as [U] / [CO2]

a). Green Product b). Green Price

c). Green Place d). Green Promotion

13. Sustainable Finance is primarily concerned with..... [U] / [CO3]

a). Profit maximiation b). Wealth maximisation

c). Reducing operational cost d). Integrating sustainability with finance

14. SRMF stands for …..... [U] / [CO3]

a). Sustainable Responsible Mutual Fund b). Society Reasonable Mututal Funds

c). Socially Responsible Mututal Funds d). Societal Response Mutual Funds

15. …..Bonds are the instruments raised for funding projects specifically designed for marine and ocean conservation. [U] / [CO3]

a). Green Bonds b). Green Masala Bonds

c). Blue Bonds d). Yellow Bonds

16. The concept of "corporate social responsibility (CSR)" in India was formalized under …..... Act. [U] / [CO3]

a). Companies Act, 2013 b). Industrial Disputes Act, 1947

c). Indian Contract Act, 1860 d). Foreign Exchange Management Act, 1999

17. Compared to social accounting, green accouting is fundamentally focuses on ……. [U] / [CO3]

a). Primarily focuses on environmental aspects, including b). Primarily concentrates on social and human aspects, such as labor

ecological impacts, resource use, and emissions.

practices, community engagement, and societal well-being.

c). Assesses the social and societal impacts and contributions of organizations.

d). Primarily focuses on environmental and social aspects, including ecological impacts, and pollution .

18. Which of the dimensions are common in both Sustainability Reporting and TBL Reporting? [U] / [CO3]

a). Economic and Social performance

b). Economic performance and Governance

c). Environmental and Social performance

d). Social performance and Governance

19. Which of the following aspects of TBL Reporting measures the financial performance? [U] / [CO3]

a). People

b). Profit

c). Planet

d). None of the other options

20. The single-entry style of accounting in SAM allows for documentation of transactions made between these agents in the form of which metrix? [U] / [CO3]

a). Circular metrix

b). Imputed metrix

c). Square metrix

d). Simple metrix

21. Which approach to social accounting involves identifying, measuring, and reporting the social and environmental effects of a company's activities? [U] / [CO3]

a). Life Cycle Assessment (LCA)

b). Corporate Social Responsibility (CSR) reporting

c). Annual financial statement analysis

d). Social Audit

22. The Integrated Reporting Framework (IRF) introduces a concept known as "capitals". Which of the following is not considered one of the six capitals in this framework? [U] / [CO3]

a). Natural Capital

b). Intellectual Capital

c). Social and Relationship Capital

d). Political Capital

[1x20 = 20]

Part B

MCQ Questions

Answer any **15** questions

Each question carries **2** marks

23. …... is an example of a systemic barrier to the feasibility of sustainable development. [U] / [CO1]

a). Solar panel installation

b). Inefficient governance structures and corruption

c). Public recycling campaigns

d). Tree plantation drives

24. Match the following: [U] / [CO1]

(a) Economic Sustainability	(i) Equal access to resources, education, and healthcare
(b) Social Sustainability	(ii) Long-term financial growth, stable employment
(c) Environmental Sustainability	(iii) Conservation of natural resources, reducing carbon footprint
(d) Intergenerational Equity	(iv) Fairness between current and future generations

a). a-ii, b-i, c-iii, and d-iv

b). a-i, b-ii, c-iii, and d-iv

c). a-i, b-ii, c-iv, and d-iii

d). a-iii, b-i, c-ii, and d-iv

25. Match the following: [U] / [CO1]

(a) Liberalization - (i) Freedom to start private businesses and reduce restrictions

(b) Privatization - (ii) Transfer of ownership from public to private sector

(c) Globalization - (iii) Enterprises owned and operated by the government

(d) Public Sector - (iv) Integration with the global economy

a). a-ii, b-iii, c-i, and d-iv

b). a-i, b-ii, c-iii, and d-iv

c). a-i, b-ii, c-iv, and d-iii

d). a-iii, b-i, c-ii, and d-iv

26. Consider the following statements and choose the correct alternative. [U] / [CO4]

Statement I: Sustainopreneurship aligns with the principles of the Triple Bottom Line (TBL). Statement II: Sustainopreneurs innovate to create sustainable solutions for economic, social, and environmental problems.

a). Both statements are true.

b). Statement I is true, and Statement II is false.

c). Statement I is false, and Statement II is true.

d). Both statements are false.

27. Consider the following statements Assertion (A) and Reasoning (R). Choose the correct alternative. Assertion (A): The Triple Bottom Line approach helps businesses achieve long-term sustainability. Reasoning (R): It focuses only on increasing financial profits [U] / [CO4]

a). Both A and R are true, and R is the correct explanation of A.

b). Both A and R are true, but R is not the correct explanation of A.

c). A is true, but R is false.

d). A is false, but R is true.

28. Consider the following staterment and state which of the statements are true? Statement I: Low carbon focus on reducing greenhouse gas emissions. Statement II: Social inclusion aims at delivering value by using fewer resources & generating less waste. [U] / [CO2]

a). Both the statements are true

b). Both the statements are false

c). Statement I is true and Statement II is false

d). Statement I is false and Statement II is true

29. Consider the following statements and choose the most appropriate alternative. Statement I - There are 18 Sustainable Development Goals Statement II - The target year for achievement of SDGs set by UNDP is 2030 [U] / [CO2]

a). Both Statements are true

b). Statement I is true and Statement II is false

c). Statement I is false and Statement II is true

d). Both Statements are false

30. Consider the following statements and choose the most appropriate alternative. Statement I - India’s poverty rate has remained unchanged since the adoption of SDGs. Statement II - The government provides Direct Benefit Transfers (DBT) to support low-income groups. [U] / [CO2]

a). Both Statements are true

b). Statement I is true and Statement II is false

c). Statement I is false and Statement II is true

d). Both Statements are false

31. Which of the following is not a feature of biomimicry? [U] / [CO2]

a). Sustainability is the heart

b). Multidisciplinary approach

c). Resilience and adoptability

d). Reduced efficiency and effectiveness

32. Consider the following statements and choose the most appropriate alternative.: Statement I - SDGs are narrower in scope in comparison to MDGs Statement II - MDGs focused only devoloping countries [U] / [CO2]

a). Both Statements are true

b). Statement I is true and Statement II is false

c). Statement I is false and Statement II is true

d). Both Statements are false

33. Match the following: (a) SDG 11 - (i) 10 Targets (b) SDG 12 - (ii) 11 Targets (c) SDG 13 - (iii) 5 Targets (d) SDG 14 - (iv) 10 Targets [U] / [CO2]

a). (a) - (i);(b) - (iii); (c) - (iv); (d) - (ii)

b). (a) - (iii);(b) - (i); (c) - (iv); (d) - (ii)

c). (a) - (i);(b) - (iii); (c) - (ii); (d) - (iv)

d). (a) - (i);(b) - (ii); (c) - (iii); (d) - (iv)

34. The focus of the governance pillar in sustainable finance is..... [U] / [CO3]

a). Environmental sustainability only

b). Maximising profits at all costs

c). Short term financial gains

d). Ethical and transparent governance practices

35. Consider the following statements and choose the most appropriate alternative. Statement I - Green finance focusses on environmental factors mentioned in ESG Framework. Statement II - These refer to activities related to marine projects. [U] / [CO3]

a). Both Statements are true.

b). Statement I is true, and Statement II is false

c). Statement I is false, and Statement II is true.

d). Both statements are false.

36. Consider following statements and state which of the statements are true? [U] / [CO3]
(i) Green accounting is also termed as the environmental accounting and is associated with the environmental services and goods.
(ii) It considers the costs as well the benefits which arise through the environmental protection and depletion of the existing capital.
(iii)In 1995, Sciences of National Academy appraised the process of environmental accounts designed by the Bureau of Economic Analysis termed as the Integrated Satellite of Economic and Environmental Accounts bu
iv)This accounting reports the environmental particular cost, i.e., waste disposal costs and liability costs.

a). (i), (ii) and (iv) only

b). (i) and (iv) only

c). (i), (iii) and (iv) only d). (i), (ii), (iii) and (iv) only

37. Consider following statements and state which of the statements are true? [U] / [CO3]
(i) Social accounting is the identification, measurement, monitoring and reporting of the social and economic effects of an institution on society
(ii) It is the measurement and reporting of information concerning the impact of an entity and its activities on society
(iii) Social Accounting is the process of selecting firm level social performance variables, measures and measurement procedures systematically developing information useful for evaluating performance and communicating such information to concerned social groups both within and outside the organisation
(iv)It refers to the ordering, measuring and analyses of the social and economic consequences of governmental and entrepreneurial behaviou

a). (i), (ii) and (iv) only b). (i) and (iv) only

c). (i), (iii) and (iv) only d). (i), (ii), (iii) and (iv) only

38. Match the following: (i) Corporate Sustainability Reporting Directive (a) Corporate governance (ii) ESG Reporting (b) EU (iii) GRI C) Risk mitigation (iv) IIRC (d) SASB [U] / [CO3]

a). i-b, ii-a, iii-c, iv-d b). i-a, ii-b, iii-c, iv-d

c). i-a, ii-b, iii-d, iv-c d). i-d, ii-a, iii-c, iv-b

39. Match the following: [U] / [CO3]
(i) SEEA- (a) Discloses a company's environmental, social, and governance (ESG) impacts and initiatives.
(ii) SNA- (b) Environment is treated as an asset, and its benefits are measured in economic terms
(iii) Environmental Accounting - (c) Internationally agreed standard set of recommendations on how to compile measures of economic activity
(iv) Sustainability Reporting - (d) Framework for measuring the links between the environment and economic and societal well-being
(e) Measures and values the depletion or degradation of natural resources in economic terms

a). i-c, ii-d,iii-b,iv-a b). i-d, ii-c,iii-b,iv-e

c). i-d, ii-c,iii-b,iv-a d). i-a, ii-c,iii-b,iv-d

Part A

MCQ Questions

Answer any **20** questions

Each question carries **1** marks

1. SRMF stands for ..... [U] / [CO3]

   a). Sustainable Responsible Mutual Fund

   b). Society Reasonable Mututal Funds

   c). Socially Responsible Mututal Funds

   d). Societal Response Mutual Funds

2. Sustainable Finance is primarily concerned with..... [U] / [CO3]

   a). Profit maximiation

   b). Wealth maximisation

   c). Reducing operational cost

   d). Integrating sustainability with finance

3. Which approach to social accounting involves identifying, measuring, and reporting the social and environmental effects of a company's activities? [U] / [CO3]

a). Life Cycle Assessment (LCA)
b). Corporate Social Responsibility (CSR) reporting
c). Annual financial statement analysis
d). Social Audit

4. How can Biomimicry contribute to sustainable development? [U] / [CO2]

a). By reducing energy consumption
b). By using renewable resources
c). By minimizing waste and pollution
d). All of the other options

5. What is the primary purpose of the SDG India Index? [U] / [CO2]

a). To rank countries on SDG progress
b). To measure India's state-wise performance on SDGs
c). To compare India with global economies
d). To assess economic development only

6. What type of certification is often used in Green Marketing? [U] / [CO2]

a). ISO
b). Eco-label
c). FDA
d). USDA

7. Which of the dimensions are common in both Sustainability Reporting and TBL Reporting? [U] / [CO3]

a). Economic and Social performance
b). Economic performance and Governance
c). Environmental and Social performance
d). Social performance and Governance

8. Social entrepreneurship primarily focuses on…..... [U] / [CO4]

a). Wealth accumulation for owners
b). Solving social problems through innovative business models
c). Maximizing shareholder value
d). Avoiding customer satisfaction

9. Compared to social accounting, green accouting is fundamentally focuses on ……. [U] / [CO3]

a). Primarily focuses on environmental aspects, including ecological impacts, resource use, and emissions.
b). Primarily concentrates on social and human aspects, such as labor practices, community engagement, and societal well-being.

c). Assesses the social and societal impacts and contributions of organizations.

d). Primarily focuses on environmental and social aspects, including ecological impacts, and pollution .

10. Which factor should companies consider when designing affordable products for BoP consumers? [U] / [CO4]

a). Luxury branding

b). Cost-effective materials

c). High-end advertising

d). Premium pricing

11. The global event behind Agenda 21 was the ….. [U] / [CO1]

a). UN Climate Change Conference 2015

b). Brundtland Commission 1987

c). Stockholm Conference 1972

d). Earth Summit 1992

12. The Integrated Reporting Framework (IRF) introduces a concept known as "capitals". Which of the following is not considered one of the six capitals in this framework? [U] / [CO3]

a). Natural Capital

b). Intellectual Capital

c). Social and Relationship Capital

d). Political Capital

13. A strategy where businesses allow customers to pay a higher price for products or services that have a lower environmental impact is known as [U] / [CO2]

a). Green Product

b). Green Price

c). Green Place

d). Green Promotion

14. …..Bonds are the instruments raised for funding projects specifically designed for marine and ocean conservation. [U] / [CO3]

a). Green Bonds

b). Green Masala Bonds

c). Blue Bonds

d). Yellow Bonds

15. How does SDG 10 address migration and mobility? [U] / [CO2]

a). Promotes orderly, safe, and responsible migration and mobility of people

b). Prohibits migration

c). Encourages labor exploitation

d). Reduces support for migrants and refugees

16. The single-entry style of accounting in SAM allows for documentation of transactions made between these agents in the form of which metrix? [U] / [CO3]

a). Circular metrix b). Imputed metrix

c). Square metrix d). Simple metrix

17. The Cartagena Protocol primarily deals with…..... [U] / [CO1]

a). Protection against harmful effects of genetically modified organisms (GMOs) b). Climate finance

c). Marine pollution d). Forest management

18. Which of the following aspects of TBL Reporting measures the financial performance? [U] / [CO3]

a). People b). Profit

c). Planet d). None of the other options

19. Which challenge is not typically associated with transitioning to a green economy? [U] / [CO2]

c). Technological barriers d). Supply chain issues

20. Which of the following is NOT part of the micro environment? [U] / [CO1]

a). Suppliers b). Economic policies

c). Competitors d). Customers

21. An efficient marketing strategy will never…..... [U] / [CO2]

a). Explores Value b). Distructs value

c). Delivers Value d). Creates Value

22. The concept of "corporate social responsibility (CSR)" in India was formalized under …..... Act. [U] / [CO3]

a). Companies Act, 2013 b). Industrial Disputes Act, 1947

c). Indian Contract Act, 1860 d). Foreign Exchange Management Act, 1999

[1x20 = 20]

Part B

MCQ Questions

Answer any **15** questions

Each question carries **2** marks

23. Consider the following statements and choose the most appropriate alternative. [U] / [CO3]
Statement I - Green finance focusses on environmental factors mentioned in ESG Framework. Statement II - These refer to activities related to marine projects.

a). Both Statements are true.

b). Statement I is true, and Statement II is false

c). Statement I is false, and Statement II is true.

d). Both statements are false.

24. Match the following: [U] / [CO1]

(a) Economic Sustainability	(i) Equal access to resources, education, and healthcare
(b) Social Sustainability	(ii) Long-term financial growth, stable employment
(c) Environmental Sustainability	(iii) Conservation of natural resources, reducing carbon footprint
(d) Intergenerational Equity	(iv) Fairness between current and future generations

a). a-ii, b-i, c-iii, and d-iv

b). a-i, b-ii, c-iii, and d-iv

c). a-i, b-ii, c-iv, and d-iii

d). a-iii, b-i, c-ii, and d-iv

25. Match the following: (i) SEEA - (a) Discloses a company's environmental, social, and governance (ESG) impacts and initiatives. [U] / [CO3]
(ii) SNA - (b) Environment is treated as an asset, and its benefits are measured in economic terms
(iii) Environmental Accounting - (c) Internationally agreed standard set of recommendations on how to compile measures of economic activity
(iv) Sustainability Reporting - (d) Framework for measuring the links between the environment and economic and societal well-being
(e) Measures and values the depletion or degradation of natural resources in economic terms

a). i-c, ii-d,iii-b,iv-a

b). i-d, ii-c,iii-b,iv-e

c). i-d, ii-c,iii-b,iv-a

d). i-a, ii-c,iii-b,iv-d

26. Consider following statements and state which of the statements are true? [U] / [CO3]
(i) Green accounting is also termed as the environmental accounting and is associated with the environmental services and goods.
(ii) It considers the costs as well the benefits which arise through the environmental protection and depletion of the existing capital.
(iii)In 1995, Sciences of National Academy appraised the process of environmental accounts designed by the Bureau of Economic Analysis termed as the Integrated Satellite of Economic and Environmental Accounts bu
iv)This accounting reports the environmental particular cost, i.e., waste disposal costs and liability costs.

a). (i), (ii) and (iv) only
b). (i) and (iv) only
c). (i), (iii) and (iv) only
d). (i), (ii), (iii) and (iv) only

27. Consider the following staterment and state which of the statements are true? [U] / [CO2]
Statement I: Low carbon focus on reducing greenhouse gas emissions.
Statement II: Social inclusion aims at delivering value by using fewer resources & generating less waste.

a). Both the statements are true
b). Both the statements are false
c). Statement I is true and Statement II is false
d). Statement I is false and Statement II is true

28. The focus of the governance pillar in sustainable finance is..... [U] / [CO3]

a). Environmental sustainability only
b). Maximising profits at all costs
c). Short term financial gains
d). Ethical and transparent governance practices

29. …... is an example of a systemic barrier to the feasibility of sustainable development. [U] / [CO1]

a). Solar panel installation
b). Inefficient governance structures and corruption
c). Public recycling campaigns
d). Tree plantation drives

30. Consider the following statements and choose the most appropriate alternative. [U] / [CO2]
Statement I - There are 18 Sustainable Development Goals Statement II - The target year for achievement of SDGs set by UNDP is 2030

a). Both Statements are true
b). Statement I is true and Statement II is false

c). Statement I is false and Statement II is true

d). Both Statements are false

31. Consider the following statements and choose the most appropriate alternative. Statement I - India's poverty rate has remained unchanged since the adoption of SDGs. Statement II - The government provides Direct Benefit Transfers (DBT) to support low-income groups. [U] / [CO2]

a). Both Statements are true

b). Statement I is true and Statement II is false

c). Statement I is false and Statement II is true

d). Both Statements are false

32. Consider the following statements Assertion (A) and Reasoning (R). Choose the correct alternative. Assertion (A): The Triple Bottom Line approach helps businesses achieve long-term sustainability. Reasoning (R): It focuses only on increasing financial profits [U] / [CO4]

a). Both A and R are true, and R is the correct explanation of A.

b). Both A and R are true, but R is not the correct explanation of A.

c). A is true, but R is false.

d). A is false, but R is true.

33. Consider the following statements and choose the correct alternative. Statement I: Sustainopreneurship aligns with the principles of the Triple Bottom Line (TBL). Statement II: Sustainopreneurs innovate to create sustainable solutions for economic, social, and environmental problems. [U] / [CO4]

a). Both statements are true.

b). Statement I is true, and Statement II is false.

c). Statement I is false, and Statement II is true.

d). Both statements are false.

34. Match the following: (i) Corporate Sustainability Reporting Directive (a) Corporate governance (ii) ESG Reporting (b) EU (iii) GRI C) Risk mitigation (iv) IIRC (d) SASB [U] / [CO3]

a). i-b, ii-a, iii-c, iv-d

b). i-a, ii-b, iii-c, iv-d

c). i-a, ii-b, iii-d, iv-c

d). i-d, ii-a, iii-c, iv-b

35. Match the following: [U] / [CO1]

(a) Liberalization - (i) Freedom to start private businesses and reduce restrictions

(b) Privatization - (ii) Transfer of ownership from public to private sector

(c) Globalization - (iii) Enterprises owned and operated by the government
(d) Public Sector - (iv) Integration with the global economy

a). a-ii, b-iii, c-i, and d-iv
b). a-i, b-ii, c-iii, and d-iv
c). a-i, b-ii, c-iv, and d-iii
d). a-iii, b-i, c-ii, and d-iv

36. Match the following: (a) SDG 11 - (i) 10 Targets (b) SDG 12 - (ii) 11 Targets (c) SDG 13 - (iii) 5 Targets (d) SDG 14 - (iv) 10 Targets [U] / [CO2]

a). (a) - (i);(b) - (iii); (c) - (iv); (d) - (ii)
b). (a) - (iii);(b) - (i); (c) - (iv); (d) - (ii)
c). (a) - (i);(b) - (iii); (c) - (ii); (d) - (iv)
d). (a) - (i);(b) - (ii); (c) - (iii); (d) - (iv)

37. Consider the following statements and choose the most appropriate alternative.: Statement I - SDGs are narrower in scope in comparison to MDGs Statement II - MDGs focused only devoloping countries [U] / [CO2]

a). Both Statements are true
b). Statement I is true and Statement II is false
c). Statement I is false and Statement II is true
d). Both Statements are false

38. Which of the following is not a feature of biomimicry? [U] / [CO2]

a). Sustainability is the heart
b). Multidisciplinary approach
c). Resilience and adoptability
d). Reduced efficiency and effectiveness

39. Consider following statements and state which of the statements are true? [U] / [CO3]
(i) Social accounting is the identification, measurement, monitoring and reporting of the social and economic effects of an institution on society
(ii) It is the measurement and reporting of information concerning the impact of an entity and its activities on society
(iii) Social Accounting is the process of selecting firm level social performance variables, measures and measurement procedures systematically developing information useful for evaluating performance and communicating such information to concerned social groups both within and outside the organisation
(iv)It refers to the ordering, measuring and analyses of the social and economic consequences of governmental and entrepreneurial behaviou

a). (i), (ii) and (iv) only
b). (i) and (iv) only
c). (i), (iii) and (iv) only
d). (i), (ii), (iii) and (iv) only
