- Acts impartially without favoring any team or player.
- Ensures equal treatment for both sides.

11. **Inspecting the Playing Area**

- Checks field or court markings before the match.
- Ensures equipment and conditions meet competition standards.

12. **Managing Match Discipline**

- Maintains order on the field.
- Handles protests or disputes calmly and professionally.

28. Draw a well-labeled diagram of the Kho Kho field and describe the function of the central lane, cross lanes, and sitting boxes?

Functions of Central Lane, Cross Lanes, and Sitting Boxes in Kho Kho Court

1. **Central Lane**

- The central lane runs through the middle of the Kho Kho court.
- It divides the court into two equal halves.
- Chasers sit alternately on both sides of the central lane.
- The active chaser moves along this lane while chasing defenders.

- It helps maintain proper movement and direction during the game.
- Width of the central lane is **30 cm**.

2**. Cross Lanes**

- Cross lanes are drawn perpendicular to the central lane.
- They divide the court into separate sections for seated players.
- Each cross lane marks the sitting position of a chaser.
- They help players maintain proper spacing and order.
- The active chaser uses these lanes while giving “Kho” to teammates.
- Width of each cross lane is **30 cm**.
- Distance between two cross lanes is **2.3 meters**.

3. Sitting Boxes

- Sitting boxes are the spaces formed between cross lanes beside the central lane.
- Chasers sit in these boxes in alternate directions.
- They ensure organized seating arrangement of players.
- These boxes help smooth and quick transfer of “Kho” during the game.
- Proper sitting positions reduce confusion and improve coordination among players
