MGU-UGP (HONOURS) REGULARJIMPROVEMENT/REAPPEARANCE EXAMINATION APRIL 2026

SECOND SEMESTER

Multi-Disciplinary Courses (MDC) - MG2MDCHMCIOO - BASIC MANAGEMENT PRINCIPLES

(2024 ADMISSION ONWARD

**Part A – Short Answers (2 marks each)**

**1. Fayol's Authority and Responsibility**

Authority is the right to give orders, while responsibility is the duty to perform assigned tasks. Both must go together.

**2. Basic definition of management**

Management is the process of planning, organizing, staffing, directing, and controlling resources to achieve goals efficiently.

**3. "Management is a process" – Justify**

Management involves a series of continuous functions like planning, organizing, directing, and controlling. Hence, it is a process.

**4. Example of an administrative function**

Planning (e.g., setting organizational goals).

**5. How organization facilitates coordination**

It defines roles, responsibilities, and authority, ensuring smooth communication and teamwork.

**6. One key responsibility of top-level management**

Formulating policies and strategic decisions.

**7. One key skill for effective management**

Leadership skill (or communication skill).

**8. Example of line organization (diagram)**

CEO
|
Manager
|
Supervisor
|
Workers

**9. Define decision making**

Decision making is the process of choosing the best alternative among available options.

**10. Wide vs Narrow span of control**

- Wide span: One manager supervises many employees (less control, more autonomy).
- Narrow span: One manager supervises few employees (more control, close supervision).

**Part B – Short Essays (5 marks each)**

**11. Types of decisions**

- **Programmed decisions** – Routine, repetitive (e.g., ordering stock)
- **Non-programmed decisions** – New, complex (e.g., launching a product)
- **Strategic decisions** – Long-term, taken by top management
- **Tactical decisions** – Short-term, taken by middle management

**12. Characteristics of an effective plan**

- Clear objectives
- Flexible
- Practical and realistic
- Time-bound
- Economical

- Based on facts

**13. Advantages of decentralized organization**

- Faster decision-making
- Reduces burden on top management
- Encourages initiative
- Better employee motivation
- Improves efficiency

**14. Characteristics of functional organization**

- Work divided based on specialization
- Experts supervise each function
- Increased efficiency
- Clear division of duties
- Possibility of multiple command

**15. How planning improves time management & productivity**

Planning sets priorities, reduces waste of time, avoids confusion, and ensures proper use of resources, leading to higher productivity.

**Part C – Essay (8 marks)**

**16. Importance of staff organization**

- Provides expert advice to line managers
- Improves decision-making
- Reduces workload of executives
- Helps in planning and research
- Increases efficiency
- Ensures specialization
- Supports smooth functioning of organization

**17. Importance of management in today's business environment**

- Helps achieve organizational goals
- Improves efficiency and productivity
- Ensures proper use of resources
- Adapts to changing environment
- Encourages innovation
- Maintains coordination
