MAHATMA GANDHI UNIVERSITY, KOTTAYAM

MGU-BVOC (HONOURS) Regular EXAMINATION April 2026

SECOND SEMESTER

Skill Development Components (SDC) - MG2SDCFTA101 - FOOD MICROBIOLOGY

(2025 ADMISSION ONWARDS)

Duration: 1 Hour 30 Minutes **Maximum Marks: 50**

Remember(K), Understand(U), Apply(A), Analyse(An), Evaluate(E), Create(C), Skill(S), Interest(I) and Appreciation(Ap)

Students should attempt at least one question from each course outcome to enhance their overall outcome attainability.

Part A

One Sentence

Answer any **10** questions

Each question carries **1** marks

1. List the optical parts of a compound microscope. [K] / [CO1]
2. List the types of culture media based on physical state [K] / [CO1]
3. Define Autotrophs. [K] / [CO1]
4. Identify the structure responsible for bacterial motility. [K] / [CO1]
5. Define biosynthesis in viral replication [K] / [CO1]
6. Define eukaryotes [K] / [CO1]
7. Define the term microbial nutrition of bacteria. [K] / [CO1]
8. Identify the common foods associated with Ochratoxin A [U] / [CO2]
9. Identify the organisms that cause "surface slime" in meat. [U] / [CO3]
10. Define microbial spoilage of food [U] / [CO3]

11. Define the term Flipper [U] / [CO3]

12. Define the term Blue milk [U] / [CO3]

[1x10 = 10]

Part B

Short Answer

Answer any **4** questions

Each question carries **5** marks

13. Describe dry heat sterilization briefly. [K] / [CO1]

14. Name the components of anaerobic jar and briefly explain each component. [K] / [CO1]

15. Define Listeriosis including risk group, foods involved, symptoms and control measures. [U] / [CO2]

16. Define food poisoning . Explain its common sources and symptoms. [U] / [CO2]

17. Define Giardiasis and briefly explain the causative agent, common foods involved, clinical symptoms, and preventive measures of giardiasis. [U] / [CO2]

18. List out the bacterial spoilage occuring in fish [U] / [CO3]

[5x4 = 20]

Part C

Essay

Answer any **2** questions

Each question carries **10** marks

19. Classify fungi based on morphology and mode of reproduction with suitable examples. [K] / [CO1]

20. Describe the streak plate culture method under the following headings: definition, principle, procedure, applications, advantages, and disadvantages. [K] / [CO1]

21. Explain Botulism with its causative organism, source of contamination, foods involved , incubation period , toxin formation, symptoms and preventive measures. [U] / [CO2]

22. Explain the major types of spoilage in fruits and vegetables during post-harvest storage [K] / [CO3]

[10x2 = 20]
