Skill Development Components (SDC) - MG1SDCAAT101 - COMPUTERIZED ACCOUNTING I
(2025 ADMISSION ONWARDS)

.

Answer key

Part A

1. b
2. b
3. a
4. c
5. a
6. c
7. d
8. c
9. a
10. d

Part B

11. Distinguish between journal voucher and payment voucher
    Journal Voucher: For internal adjustments without cash flow.
    Payment Voucher: For recording actual payment of money.
12. What is purchase voucher? How do you record it in Tally Prime?
13. A Purchase Voucher is an accounting document used to record the purchase of goods or services, either on credit or cash. It is mainly used to record transactions with suppliers and increases inventory or purchase expenses.
    Steps to Record a Purchase Voucher-- Open Purchase Voucher---Open Tally Prime--Go to: Gateway of Tally → Vouchers--Press F9 (Purchase Voucher)
14. How do short cut keys improve efficiency while operating Tally Prime?
    Shortcut keys greatly improve efficiency in Tally Prime by enabling users to operate the software quickly and perform tasks without depending on mouse navigation. This reduces the time required for data entry and improves accuracy.
    1.Faster Navigation 2.Reduces Time and Effort 3.Improves Accuracy 4. Enhanced Workflow Control 5. Supports Professional Speed Standards

15. Explain any 4 limitations or drawbacks of computerized accounting?

1. High Cost of Installation and Maintenance
2. Risk of Data Loss or Security Threats
3. Dependence on Technology and Power Supply
4. Need for Skilled Personnel

15. Explain the function and use of the Day Book in Tally Prime.

The Day Book in Tally Prime is a comprehensive report that displays all vouchers recorded on a particular day or within a selected period. It acts as a daily transaction register and helps in tracking, reviewing, and editing accounting entries.

Functions

1. Shows a Daily Summary of Transaction 2. Helps in Verification and Checking Accuracy 3. Allows Editing and Deletion of Entries

16. Mention any four important properties of a ledger in Tally Prime

A ledger in Tally Prime represents an individual account under which financial transactions related to a particular person, item, income, expense, asset, or liability are recorded. Each ledger has specific properties that define how it behaves in accounts.

1. Ledger Group Classification
2. . Opening Balance
3. Inventory / Stock Item Linking
4. . GST / Tax Information

17. How can you alter or modify company creation details in Tally Prime?

You can alter or modify the details of a company created in Tally Prime if you want to update information such as company name, address, financial year, base currency symbol, GST details, security settings, etc.

Steps to Alter Company Details in Tally Prime

Method 1: Through Company Alteration Screen

1. Open Tally Prime
2. Go to Gateway of Tally
3. Press Alt + K (Company menu)
4. Choose Alter
5. Select the company name you want to modify
6. The Company Alteration screen will appear
7. Edit or update the required details such as:
    - Company Name
    - Mailing Details (Address, Phone, Email)
    - Financial Year / Books beginning date
    - GST / Tax details
    - Security control (password)
    - Base currency
8. Press Ctrl + A to Save

Method 2: Using Go To Menu

1. Press Alt + G (Go To)
2. Type Alter Company 3.Select the company and edit the details

18. What are the basic requirements for installing a computerized accounting system?

To install a computerized accounting system, a business needs proper computer hardware, suitable accounting software, trained staff, and secure data backup and protection systems.

Part C

19. Explain about the different reports available in tally

Tally provides different reports such as:

- Financial reports (Balance Sheet, Profit & Loss)
- Accounting reports (Day Book, Ledger, Trial Balance)
- Inventory reports (Stock Summary, Movement Analysis)
- Statutory reports (GST, TDS)
- Payroll and banking reports

These reports help in decision-making, auditing, compliance, and business performance analysis.

20. What are primary account groups? Discuss their role and significance in organizing accounting information.

Primary account groups are the main classification categories under which all ledger accounts are organized in Tally. They represent the basic heads of financial accounting, such as Assets, Liabilities, Income, and Expenses, and form the foundation for grouping and organizing accounting information in the system.

In Tally Prime, there are 28 predefined groups, out of which 15 are primary groups (e.g., Capital Account, Loans, Fixed Assets, Current Assets, Current Liabilities, Direct Income, Direct Expenses, Indirect Income, Indirect Expenses, etc.).

Role and Significance of Primary Account Groups

1. Systematic Classification of Accounts.
2. Helps in Accurate Posting and Reporting
3. Facilitates Easy Data Entry
4. Supports Financial Analysis and Decision-Making
5. Simplifies Auditing and Verification
.6. Automates Trial Balance Balancing

21. Explain the meaning and definition of computerized accounting. Describe the importance and objectives of Computerized Accounting in the modern accounting.

Computerized accounting refers to the system of recording, storing, and processing financial transactions using accounting software instead of traditional manual bookkeeping. It involves the use of computers and accounting applications such as Tally Prime, QuickBooks, SAP, or Zoho Books to maintain, analyze, and generate financial reports efficiently

Objective
To automate and simplify accounting processes
To maintain accurate and reliable financial records
To generate timely and meaningful financial information
To enhance internal control
To facilitate quick reporting and analysis
To support regulatory and statutory compliance

Importance
Speed and Efficiency
High Accuracy,
Improved Financial Reporting
Enhanced Data Security
Handles Large Volumes of Data,

Supports Compliance

21. Discuss how to alter or modify company details in Tally Prime .Illustrate the process with examples

In Tally Prime, company details such as the company name, address, financial year, base currency, contact details, and GST information can be modified at any time through the Company Alteration option. This option is useful when a business needs to correct errors or update information due to changes in business operations.\Step 1: Open Company Alteration
