Part E

Long Answers
Answer any 2 questions
Each question carries 5 marks

37. **Discuss the historical and cultural significance of Dacca Muslin fabric.**

Fabric had fine and unique features which was appealing globally. Dacca muslin was called as " woven air" because of its fineness.The royal muslin was called mulmul khas.The weaving was done only in the rainy season because for weaving such extremely fine fabric, a humid weather was essential.

38. **What kinds of embroidery are most common in Northern India, and what distinguishes them from one another?**
    Chikankari, from Lucknow -delicate white-on-white embroidery on muslin-featuring floral and geometric motifs. **Phulkari, originating in Punjab**, uses vibrant, multi-colored threads to create intricate floral patterns, frequently on cotton or khaddar. **Kashidkari, from Jammu and Kashmir**, employs a long stitch to create elaborate designs, often with bright colors and intricate details. **Chamba Rumal**, from Himachal Pradesh, is a unique form of embroidery that combines miniature painting and embroidery, often on hand spun muslin with untwisted silk threads.
39. **Explain about the handwoven textile himru.?**
    It is a fabric made of silk and cotton, which is grown locally in Aurangabad. Himroo is a replication of Kum-khwab, which was woven with pure golden and silver threads. Himroo uses Persian designs, and is very characteristic and distinctive in appearance.
40. **Differentiate between the four main stitches used in Kasuti embroidery?**
    Gavanti and Murgi comprise a straight and zig zag stitch. The stitch is identical on both sides of the cloth. **Menthe and Negi** Stitch are dissimilar on either side of the fabric. The Difference between Menthe and Negi Stitch is that while the Menthe stitch resembles a cross-stitch, the Negi stitch provides a woven style. These stitches are dissimilar on either side of the fabric.
