Scheme for valuation: There are two poems in the text and the answer might vary depending on the poem talked about. Full credit may be given to any attempt

Part B

SHORT ANSWER

Answer any 6 questions. Each question carries 5 marks. [5x6 = 30]

6. Create a resume for a graduate applicant seeking a role in IT. [U] / [CO3]

Answer: Ensure that the following details suiting the advertisement are included:

Name and address; objective suitable for the job applying for; education; experience; Skills (hard and soft); achievements; references

7. How does improper disposal of plastic waste contribute to environmental degradation? [U]/ [CO1]

25900069

Answer: Improper disposal of plastic waste pollutes land and water, harming ecosystems. In landfills, plastics release toxic leachate that contaminates soil and groundwater. In oceans, they form garbage patches, entangle wildlife, and break into microplastics. These enter the food chain, threatening animals and humans. Most plastics persist for centuries, worsening pollution.

8. Explain sentence stress with example. [K] / [CO1]

Answer: strong words in a sentence convey main ideas in a sentence – content words are stressed. (refer Pages 83, 84) . Give half credit to appropriate examples and half to explanation.

9. Categorise the following words based on the number of syllables: [U] / [CO1]

1) apple	2) beautiful	3) music	4) elephant	5) table
6) hospital	7) jump	8)incredible	9) flower	10) dictionary

Answer:

1	2	3	4
jump	App-le	Beau-ti-ful	In-cre-di-ble
	Mu-sic	El-e-phant	Dic-tion-ar-y
	Ta-ble	Hos-pi-tal	
	Flo-wer		

Scheme: half a mark for every correct answer.

10. Role play: You are a hotel manager. A guest reports losing their wallet. Ask questions to assist them and suggest possible solutions. [A] / [CO3]

Answer: Both the Manager and the guest stay in the respective characters -- respond to the context in a natural way – use of appropriate vocabulary – use of proper opening and closing. (page61-64)

11. What evidence does Attenborough, provide to support the claim that the natural world is undergoing 'startling changes'? [U] / [CO1]

Answer: Attenborough cites his first-hand observations from a lifetime of filming nature: he has seen the shift from the Holocene's long-standing climatic stability to today's "destabilized" planet where seasons, freshwater supplies, fish stocks, pollinators, minerals, and fertile soil are no longer dependable. This erosion of once-regular natural services, he warns, is the concrete evidence that "startling changes" are under way.

12. What is Falling Intonation? Explain with suitable examples. [K] / [CO1]

Answer: Pitch of your voice goes down at the end of the sentence. (page no. 86)

Example for statements; Wh-questions; commands and exclamations.

13. Write any any five words which has the vowel sounds /ʌ/ and write another five words with the sound /ɑː/ in it [A] / [CO1]

Answer: Any appropriate response may be given full credit.

14. Identify three words containing the consonant combinations /tr/ and /nd/. [A] / [CO1]

Answer: Any appropriate response may be given full credit. (sample: /tr/: tree, train, country

/nd/: hand, window, friend)

Part C

ESSAY

Answer any 1 question. Each question carries 15 marks. [15x1 =15]

15. Prepare a group discussion involving four participants on the topic, The Role of Sports in Building Character. [U] / [CO3]

Answer: To include responses to the topic from 4 speakers – opinion based GD but factual details can be included – speakers to demonstrate communication skills – could ideally be solution focused – reaching a consensus towards the end.

16. Attenborough highlights the end of Holocene as a turning point. How does this shift affect societies, economies, and political systems and what are the challenges that world leaders face while addressing the shift? [An] / [CO1, CO3]

Answer: With the Holocene's stability gone, societies face unreliable seasons and resources; economies built on predictable supplies must reinvent themselves; politics must manage border-spanning crises. Leaders must rapidly coordinate global governance, overhaul resource-dependent systems, and inspire unified action within a shrinking "super-year" window.

17. What makes 'Blowin' in the Wind' a timeless anthem for change? Discuss how the song's themes remain relevant across different historical and social contexts. [An] / [CO1]

Answer: Open-ended questions, simple folk melody, and universal themes—war, freedom, justice, environment—let every generation project current struggles onto Dylan's lyrics, turning the song into an endlessly adaptable protest hymn. – any response bringing in these thoughts using or not using concrete examples may be given appropriate credit.
