decade. The company employs more than 800 workers and 150 administrative staff and 80 management level employees. The Top level management views all the employees at same level. This can be clearly understood by seeing the uniform of the company which is Same for all starting from MD to floor level workers The company have 2 different cafeterias at different places one near the plant for workers and other near the Administration building. Though the place is different the amenities, infrastructure and the food provided are of same quality. In short the company stands by the rule Employee Equality

The company has one registered trade union and the relationship between the union and the management is very cordial. The company has not lost a single man day to strike. The company is one a pay master in the industry. The compensation policy of their company, when compared to other similar companies, is very less still the employees don't have many grievances due to the other benefits provided by the company. But the company is facing countable number of problems in supplying the materials in recent past days. Problems like quality issues, mismatch in packing materials (placing material A in box of material B) incorrect labeling of material, not dispatching the material on time etc...

The management views the case as there are loop holes in the system of various departments and hand over the responsibility to HR department to solve the issue. When the HR manager goes through the issues he realized that the issues are not relating to system but it relates to the employees. When investigated he come to know that the reason behind the casual approach by employees in work is

➤ The company hired new employees for higher level post without considering the potential internal candidates.

➤ The newly hired employees are placed with higher packages than that of existing employees in the same cadre.
