MAHATMA GANDHI UNIVERSITY, KOTTAYAM
MGU-UGP (HONOURS) Regular EXAMINATION October 2025
Third SEMESTER
Discipline Specific Core Course (DSC) –
MG3DSCHSC201 – CHILDDEVELOPMENT
(2024ADMISSION ONWARDS)

Maximum Marks: 70

Remember(K), Understand(U), Apply(A), Analyse(An), Evaluate(E), Create(C), Skill(S), Interest(I) and Appreciation(Ap)

Students should attempt at least one question from each course outcome to enhance their overall outcome attainability.

Part A

Short Answer Type Questions
Answer any 10 questions. Each question carries 2 marks.

1. Mention the prenatal diagnostic techniques. [K] / [CO1]

Ultrasonography, Amniocentesis, Chorionic Villus Sampling, Maternal Blood Tests***(two points with 1 mark each).***

2.Identify any two factors that influence the development of foetus. [U] / [CO1]

Maternal malnutrition, Drugs, Rh factor, Infectious disease of the mother, Age of mother, Emotional condition of mother, X-ray and radiation, Uterine crowding, Maternal attitude***(two points with 1 mark each).***

3.State the main function of the placenta. [U] / [CO1]

Supplies nutrients and oxygen to the embryo**.**Removes waste products and carbon dioxide from the embryo's blood***(two points with 1 mark each).***
