Part D

Case Study/Situation Analysis

Answer any **1** questions

Each question carries **25** marks

22. "Heritage Brew" is a traditional tea company with a rich 50-year history. While their product is premium and ethically sourced, their digital presence is outdated. They currently post static photos once a month on Facebook, a platform where their current audience is primarily aged 45+. To survive, they must modernize and attract a younger audience (Ages 18–34) who value sustainability and brand stories. [An] / [CO2]

A) Identify the primary platform that appeals to the 18–34 age group and specialises in "Visual + trends" and explain why your choice of social media platform is a better fit for this brand's new focus on "Visual Storytelling" compared to their current Facebook strategy.

B) Suggest a few SMM strategies suitable for the company. And validate your choice of strategies.

C) Suggest two specific Brand Mnemonics that Heritage Brew can use to ensure their content is instantly recognisable to the 18–34 audience.

23. A newly launched online wellness brand wants to build awareness and engagement through digital platforms such as Instagram, YouTube, and a company blog. The brand targets young working professionals (ages 22–35) who are interested in fitness, mental well-being, and healthy lifestyle choices. Currently, the brand posts content randomly without a fixed schedule or clear objectives. Management wants to develop a systematic content plan for the next one month to improve visibility, engagement, and lead generation. Based on the above situation, answer the following: a) Identify the content objectives for the brand. b) Define the target audience characteristics relevant to content planning. c) Suggest suitable content types and formats for each platform (Instagram, YouTube, Blog). d) Prepare a one-month content plan indicating: Content theme, Platform used, Frequency of posting and Type of content. [E] / [CO3]

[25x1 = 25]
